PRE-SCHOOL POWER

Giving your child an international-quality pre-school education just got easier with the launch of VIVERO International in Jubilee Hills. VIVERO brings the globally renowned Reggio Emilia educational approach from northern Italy to Hyderabad. The methodology is followed in the US, Canada, Australia, New Zealand, Saudi Arabia and many European countries.

VIVERO International is a joint-venture partnership with Singapore-based EtonHouse International, Asia's finest early childhood education group. EtonHouse currently operates 58 learning centres in Singapore, China, India, Indonesia, Japan, South Korea, Malaysia, Cambodia and Vietnam. The VIVERO pre-school in Jubilee Hills is housed in a beautiful villa with 13,500 square feet of space. A modern building equipped with the best safety and hygiene standards, state-of-the-art facilities and a large outdoor space, it has picket fences at critical spaces. VIVERO has been designed to be child-safe, and has child-sized washrooms, safety grills and child-friendly furniture. A typical day at VIVERO starts from the school's entrance, where each child undergoes a daily routine of hand sanitisation and temperature check with a non-contact

thermometer. Each spacious classroom is equipped with innovative learning corners such as the pretend and art corners designed to stir up creativity. Learning at VIVERO is not confined to the classroom, either. The school has an outdoor play area. VIVERO offers unique programmes such as Child Care Plus, Mother-Toddler and Pre-school (pre-nursery to PP II) for children as young as eight months or as old as six.
