What's the Buzz

Summer Camp

This summer, Vivero brings the ultimate learning adventure with the Vivero Curiosity Quest—an immersive, hands-on summer camp designed to spark creativity, exploration and innovation in children aged 2 to 6 years.

Page 10>>

Mentor Corner

Stories are the heartbeat of our preschool, captivating young minds and fostering a love for learning. To enhance this experience and deepen the connection between our facilitators and children, we organized a storytelling training session for our team.

Page 2>>

The Inside Scoop

Energy Audit at School

As part of the Green School Initiative at Vivero, Kalyaninagar, the Kindergarten 1 and 2 children were introduced to energy and ways to save the energy in school and in their surroundings. The children were given a responsibility to conduct a weekly check/audit of various types of energy being used at school.

The Chairman's Note

Dear Parent,

As we step into the new year with excitement and fresh energy, here is a hearty welcome to our January edition.

This month, our Mentor Corner shines a light on how our teachers are growing as storytellers and Inquiry leaders in the classroom - skills that spark curiosity and wonder in every little learner.

Our campuses have been bustling with joy and celebrations. From the magical Christmas Fete to the milestone 100th Day at School, and not forgetting our grand Annual Day performances, every moment has been filled with cheer and togetherness. We also embraced our cultural roots with vibrant celebrations for Makar Sankranti and the Indian Republic Day. Adding to this spirit of learning, our children participated in an inspiring energy audit at their preschool, discovering how small changes can make a big difference for our planet.

And here is a little buzz for you - our exciting Summer Camp is just around the corner. Stay tuned for more details as we gear up for a season of fun learning, and unforgettable memories.

Warm regards,
Dr. Arun Arora, Chairman

Mentor Corner

Story Telling

Stories are the heartbeat of our preschool, captivating young minds and fostering a love for learning. To enhance this experience and deepen the connection between our facilitators and children, we organized a storytelling training session for our team.

During this interactive workshop, our facilitators explored innovative techniques to bring stories to life, including:

- Read-aloud strategies to engage and immerse children
- Shadow puppetry to add visual magic
- Dramatization to encourage participation and creativity

By equipping our facilitators with these dynamic storytelling methods, we aim to create a buzz in the classroom, nurture stronger relationships with our children, and make learning an unforgettable adventure.

Inquiry in the Classroom

In the 21st century, inquiry-based teaching is essential for preparing children to navigate a rapidly evolving world, fostering skills like critical thinking, problem-solving, and adaptability. It encourages learners to take an active role in their education, making learning meaningful and relevant.

The "Inquiry in the Classroom" training session, conducted on January 2nd, 2025, focused on empowering teachers to create a dynamic learning environment that encourages curiosity, critical thinking, and active engagement. The session reinforced inquiry-based learning as a children-centered approach where learners explore, question, and discover, fostering deeper understanding and ownership of their learning journey.

Three types of inquiry were discussed:

- **Free Inquiry:** Children independently explore learning corners and topics, promoting creativity and autonomy
- **Guided Inquiry:** A balance of structure and independence, where teachers plan intentional learning engagements while children explore within them
- **Structured Inquiry:** Teachers plan engagements to promote problem solving, critical thinking skills along with open ended questions to enable children to investigate in a focused way

The session emphasized the benefits of inquiry, such as enhancing critical thinking, collaboration, and real-world connections, while increasing children motivation and engagement. Practical strategies were shared, including the use of open-ended questions, diverse resources, and fostering a classroom culture that values curiosity and exploration.

This comprehensive training equipped teachers with actionable insights to seamlessly integrate inquiry-based learning into their classrooms, inspiring children to become confident, lifelong learners.

The Inside Scoop

Energy Audit at School

As part of the Green School Initiative at Vivero, Kalyaninagar the Kindergarten 1 and 2 children were introduced to energy and ways to save the energy in school and in their surroundings. The children were given a responsibility to conduct a weekly check/audit of various types of energy being used at school. The children carry an energy audit book and go around the school to check if the lights, water and other energy consuming devices are being used prudently. They then mark it in their audit book for the respective classes. Here we see the K1 and K2 children introducing and explaining the concept to Nursery peers about their responsibility and the process.

Event Report

Christmas Fete

Vivero Powai recently celebrated its annual Christmas Fete, and the event was a wonderful opportunity for our children, parents, and staff to come together and enjoy a fun-filled day of festivities. The Christmas Fete is an event that serves a noble purpose. Each year, the proceeds collected from the fete are donated to a chosen NGO. This year, we were proud to support "Each One Teach One", an organization dedicated to providing education to underprivileged children.

Snow flakes and winter wishes as we named it, was a treasure trove of delights, with a variety of stalls offering goodies, brands, variety of cuisine, and games. The children's eyes widened with excitement as they explored the stalls, sampling treats and playing games. The bubble show was a particular hit, mesmerizing the toddler audience with its varied shapes, sizes and glimmer.

Zumbini, the Zumba session for children was an absolute delight, with our tiny tots dancing and twirling to the music. What was even more heartwarming was seeing the parents join in, laughing and dancing alongside their little ones. It was a truly special moment, one that will be cherished by all who attended.

The school was transformed into a winter wonderland, with festive decorations and lights adorning every inch of the school premise. A jolly Santa Claus, complete with a hearty "Ho ho ho!", mingled with the crowd, spreading joy and cheer to all.

The event was a fabulous experience for everyone who attended, and we are grateful to our parents, staff, and children for making it a resounding success! We look forward to next year's Christmas Fete, and to continuing our tradition of giving back to the community.

100th Day of School

At Vivero, the 100th Day of School is a highly anticipated celebration, especially for our Kindergarteners! From the very first day of school, the children diligently count each school day, excluding weekends and holidays, eagerly awaiting this special milestone. While the celebration began as a way to reinforce math skills, it has now grown into a cherished event for all our children across the school. For our Kindergarteners, it's a wonderful opportunity to reflect on how much they've learned and grown since the academic year began.

In classrooms, our teachers make the countdown engaging by encouraging children to tally the days in creative ways. When the 100th day arrives, our facilitators organize age-appropriate and fun activities that the entire school participates in, making it a truly joyful occasion.

No matter the activities planned, celebrating this academic milestone is a big deal for our children, and we look forward to making it a memorable experience for them!

Annual Concert: Bengaluru

K1 Jungle Theme performance

K2 Graduation

K2 Performance

Our annual concert, themed "Lights, Camera, Action!", was a vibrant celebration of the magic of movies and the expressive potential of young learners. Through this captivating theme, we highlighted how movies inspire us to express, emote, and communicate—a fundamental way for children to convey their feelings, thoughts, and creativity.

Aligned with the Reggio Emilia philosophy of the **hundred languages of children**, this event provided our pre-schoolers with a platform to showcase their unique skills and talents. From enchanting dances to captivating drama performances and melodious songs, the concert featured a variety of vibrant performances. Each act was brought to life with colorful costumes, lively music, and the enthusiastic participation of our young stars, reflecting their creativity and boundless energy.

Facing an audience not only helped children develop presentation and public speaking skills but also instilled confidence and resilience. It empowered them to embrace challenges, share their ideas, and shine in the spotlight, laying a strong foundation for lifelong self-expression and communication.

The event also marked a significant milestone for our Kindergarten 2 children, who celebrated their graduation with pride and joy. This moment was a testament to their growth, learning, and readiness to embark on the next phase of their educational journey.

"Lights, Camera, Action!" was more than just a performance—it was a joyous celebration of individuality, creativity, and the incredible potential of our children.

Alladin with Abu and Genie Role Play

Annual Concert: Pune & Powai

Addressing global environmental changes requires a deep understanding of their interconnect- edness and a commitment to implementing sustainable practices across sectors such as energy, agriculture, transportation, and conservation. Our talented performers beautifully captured this message, taking parents on an inspiring journey that encouraged everyone to take steps toward creating a better world for future generations. The Annual Concert was a true celebra- tion of hard work, dedication, and passion. Our young learners at Vivero showcased their creativity and talent after countless hours of rehearsals and preparation. It was a memorable day where the entire community came together to celebrate the spirit and imagination of our performers, leaving us all inspired to make a positive impact on the world.

Open House

Learning Beyond Classroom

Understanding use of Articles

All About Seasons

Expressing Views on Endangered and Extinct Animals of Savannah

On 25th January 2025, Vivero hosted an Open House event at all our schools to highlight the facilities, teaching materials, and learning environment to prospective parents. It was a great opportunity for the parents to catch a glimpse of the curriculum and methodologies used at our schools. They also saw how the environment fosters self-confidence by allowing students to take responsibility for showcasing their learning. The Open House gave a platform for meaningful conversations about learning and progress between children and the parents.

Tables were set up in the classroom, showcasing domain-wise the progression in learning from Pre-Nursery to Kindergarten 2. Children of Kindergarten 1 and 2 actively participated and led the conference. It was amazing to see the children performing seamlessly in front of parents. We also had Pre-Nursery and Nursery end of the unit culmination, where children showcased their learning and skills acquired. Our Children beautifully and confidently shared their learning while parents watched them with great pride and happiness. The key highlight was our latest initiative NexTech. It was very well received by the parents and the children were excited to demonstrate learning through technology using the 'Cubetto' and 'Dash'. Incorporating technology in learning was applauded by the parents.

Sankranti

Our children enthusiastically celebrated Sankranti with a vibrant showcase of cultural activities. The celebration started with a kite-making competition, followed by a role-play activity where students re-enacted traditional Pongal celebrations and cooked the sweet dish. The grand finale was a spectacular cultural performance, where children dressed in their traditional attire danced to a lively song, filling the atmosphere with joy and festive spirit.

Traditional Attire for Pongal

Sankranti Celebrations with Cubetto

Decorating the Pot

Role Play of Making Pongal

Putting Together a Yummy Desert

Republic day

Children came dressed in tri-colour attire, exuding enthusiasm and patriotic fervour as they celebrated Republic Day. With great pride, they hoisted the national flag, sang the national anthem, and danced to patriotic songs. The creativity continued with the making of tri-colour badges, which they carried home with beaming pride, commemorating the special day.

What's the Buzz

Summer Camp

Igniting Young Minds: Vivero Curiosity Quest

This summer, Vivero brings the ultimate learning adventure with the Vivero Curiosity Quest—an immersive, hands-on summer camp designed to spark creativity, exploration, and innovation in children aged 2 to 8 years.

Rooted in our Reggio-inspired pedagogy, this 4-week program blends experiential learning with exciting themes to foster curiosity, collaboration and a sense of wonder in every child. The tools and initiatives from our NexTech Studio will also feature prominently, ensuring a truly innovative and engaging experience.

Week 1: Young Engineers

Our innovators will explore Space Adventures, build Marble Runs, design Rocket Launchers and construct masterpieces with Kid K'nex Blocks.

Week 2: Creative Scientists

Children will engage in Junior Robotics, experiment with Nature Paint Brushes, embark on a Planet Walk and enjoy coding adventures with Cubetto.

Week 3: Curious Creators

Dream big! Dance to world rhythms and paint like famous artists: Children will take part in making Shadow puppets, sensory art and DIY musical instruments, and learn about Artists from around the world.

Week 4: Time Travelers

Children will Journey through history and explore inventions of the past: They will engage in cooking experiments with ancient cooking tools, time capsules, ancient gadget play, old time writing tools

With tailored activities for **Explorers (2-4 years)** and **Innovators (4-8 years)**, this program promises a balance of fun and learning, inspiring young minds to think big and dream bigger. Join us in creating a summer filled with discovery and joy at Vivero Curiosity Quest

Parent Chronicles

Vivero Parent Speak

I've to thank the School Head and the PRM personally. When we went to enquire about Child Care, the PRM helped us well. She took initiative and personal care to fasten our joining process (as we wanted to join our baby soon).

In the transition period the School Head was so kind and generous, she helped us lot to take care of our baby and settle her in. From beginning till date, we never felt any regret about our decision. The whole staff took care of our baby so well. Whenever, we see our baby in CC TV, each staff member treats my baby like a princess. All the suggestions and feedback are taken positively. Very minimal calling for any required.

Must mention that the aunty for her group of children, is very warm and caring. She looks after all the children with so much love and affection. Also, my sincere thanks to the teacher because of whom I am able to work peacefully at my work place.

This is great experience in Vivero international pre-school & child care. Kudos and thank you to the staff for treating my baby so well. Appreciate you for all your efforts.

Meghana MP, Parent of Nyshada

I would like to extend my heartfelt gratitude to everyone at Vivero International School, Manyata, for creating such a nurturing environment for my daughter, Tvesha, during her first experience in her social journey. I am truly grateful for the love, care, and attention to her growth. The focus on learning, compassion, and engaging daily activities have made her experience enriching and joyful every day.

Reetesh Sahay, Parent of Tvesha

There is only one place to go for, don't have 2nd thoughts.. Vivero International - the ambiance is good, staff is so courteous and polite.. the management and teachers kudos to their patience level to tolerate all the tantrums by these kids.. thank u Vivero Whitefield for taking good care of my daughter and she now likes to come to play school without any hassles.. Special mention to her teachers and the School Head, and my daughters all-time favourite Aunty.. keep up the good work..

Sujatha M, Parents of Vel

We as parents are very pleased to share our feedback regarding the preschool program offered to us by Vivero International. The day we took Avyukt's admission we were sceptical about how he was going to adjust to the new environment. But looking at the efforts of teachers, helpers, and all the staff gave us a great relief. Within few days we saw so many new changes in Avyukt and also his activities, his approach towards food, playtime, clean-up are the ones he incorporated from his school. The immense support and care I personally see in the school staff is such a relief. The different ways of teaching kids is also very unique and impressive. Every day he looks forward to go to school with a smile on his face. We are really happy about our choice for preschool.

Janki Soni and Tejas Soni, Parents of Avyukt Soni

"I am delighted to share my positive experience with Vivero International School, Aundh, Pune. From the moment my daughter joined this wonderful community, I have been consistently impressed by the exceptional engagement activity. I knew she was in excellent hands. The teachers and the 'Maushis' are dedicated, creating a warm and welcoming space where young minds can flourish.

The blend of structured learning and playful activities has been perfect for my daughter's early development.

The thoughtful approach to each child's individual needs and the engaging curriculum have made Vivero International School a standout choice. It has been a joy to watch my daughter eagerly embrace each day at school and grow in so many ways.

I wholeheartedly recommend Vivero International School, Aundh, Pune, to any parent looking for a caring, safe, and enriching experience. It has been an exceptional experience, and I am grateful for the positive impact it has had on my daughter's early education."

Swati Choradia, Parents of Navya Choradia

My heartfelt appreciation for the exceptional childcare services provided by Vivero Magarpatta. As a parent, it's been an absolute delight to witness my son's growth and development since enrolling him here.

From the very first day, my son has been thrilled to attend Vivero, and his excitement is a testament to the engaging activities and nurturing environment you provide. The facilitators' hard work and dedication are evident in the well-structured and fun-filled programs.

I've noticed significant improvements in his command over spoken English. Your emphasis on hygiene is also impressive, and I appreciate the efforts taken to maintain a clean and safe environment.

I highly recommend Vivero Childcare to all parents seeking a trustworthy and stimulating environment for their children.

Sudiksha Shatani and Akaash Shatani, Parents of Prithvi Shatani
